## - LENDING LIBRARY -

A Precisioneer Lending Library has been opened and is located in the Production Control Department.

So far all volumes are novels of mystery, religious, historical or topical subjects. However, Neva Parman, our librarian, plans to add current books of general interest from time to time.

"Your Dream Home and How to Build it" by Hubbard Cobb is one that is on order.

If any of our members have books they would like to donate, bring them in. They will be greatly appreciated.

Come over and inspect our present selection. Most of the books are 1½¢ per day -- just half the cost of a regular lending library -- and this money will be used to buy more books.

## - MOVIE SCHEDULE -

10 April - Olympic Games of 1948

17 " - "GOD OF CREATION"

(A very exceptional picture.)

24 " - Ford's - "THE HUMAN BRIDGE"

In the event you haven't noticed, your club has purchased a large screen for your greater enjoyment.

Also, a king size "THANK YOU" to Mr. Imm who is lending us his beautiful Ampro Sound Projector.

## - COFFEE MAKER -

A coffee machine has been added to the battery of food and drink dispensers gracing our middle hall.

The coffee is hot and so is the traffic, for the machine has averaged 500 units a week since its installation. It is expected to be quite popular with the swing shift.

## - GIFT CHAIRMAN -

Activities of the Precisioneers have reached such proportions and variety that one of the original motives for organizing the club has become more or less obscure. This was the idea of doing away with the custom of "passing the hat" and at the same time taking care of the reasons for the action.

Therefore, it might not be amiss to remind the members of the fine and thoughtful deeds done through our gift chairman, Vi Tarbell, in the name of the club.

In February, \$66.87 went for wedding gifts, flowers and candy for the sick, blankets for babies, birthday greetings and the like.

In March, \$38.15 was used for similar reasons.

Members are enjoined to advise our gift chairman of sicknesses, accidents, births, weddings, or persons who need help for a sudden emergency. Vi is doing a fine job, but needs the help of all of us lest some one be overlooked.

## - JUDO -

With so many of our members working overtime and the unusual prevalence of illnesses, the judo class did not meet last Tuesday.

However, we intend to have class this Tuesday, 4 April, so be on hand and in proper dress.

## - BASEBALL -

Yes, baseball season is almost here and again this year we expect to have another fine team. This season they will have your club and Librascope as joint sponsors.

Practice games will be in order for the next three weeks with the first league game at a date to be announced later. George Henderhan of the Model Shop will be the manager.

The team would appreciate a good crowd at all games. Not only will you have fine entertainment, but your presence will let our men know we are behind them and they will play better ball. Besides, come out and see the gorgeous new blue and yellow uniforms.

- SICK CALL -

Mary Lee Stone, who was the victim of an auto wreck last week, is recovering nicely and is expected to be out of the hospital by the time you read this. She sustained a concussion and assorted contusions.

Wally Burke is still in the hospital, Room 312, St. Joseph's, Burbank, that is, and will be for some time. If you find some spare time, any evening from 7:00 to 8:00, drop in and see Wally. He's sure to welcome a visit from you, but in the event you take him anything, remember he has both arms in casts.

Loy Thompson had an abdominal operation at the Physicians and Surgeons Hospital, Glendale, March 24. He is reported as well on the road to recovery.

- SQUARE DANCING -

The Precisioneer Square-Dancers', having had two good sessions of dancing and instructing, will dance again Friday night, April 7, in the Griffith Manor, "just next door".

As of last time, the hours will be 8:00 to 12:00 P.M. This will apply until further notice.

The next dance will be held Saturday night, April 29. At this session, the group will decide whether or not to change the night of the dance from Friday to Saturday. If the persons who signed their names to the bulletin board notice some time ago will attend the next dance, it will be of great help in deciding which night will be "Square Dance Night".

The group has an excellent instructor-caller. Square-dance calling and instructing just happen to be Mr. Paulsen's vocation.

It is gratifying to receive the offers of assistance that have been extended. When all pitch in and help with serving, cleaning up, returning bottles, etc., it makes it easier for every one.

The Square-dance group can be successful only with your support. Now, when the group is making such fine progress, is no time to withdraw that support.

At the last dance there was a noticeable absence of our girls from the Accounting Department. Sure hope they can attend this Friday night.

Wally Burke is definitely missed at our dances. Many people were heard to comment on the help Wally gave to the group with which he was dancing. So - we are looking forward to the time when Wally will be back with us, not only at the dances, but at work too.

- POP BOTTLES -

Returning pop bottles to the racks or empty boxes will certainly be appreciated by your club.

A penny profit is made from the sale of each bottle. A cash deposit of 2¢ a bottle is paid by your club. Whenever you forget and do not return empties, they stand the chance of getting broken or lost. Thus your club loses a penny for you to enjoy a coke.

This sounds like a small amount of money, but when your club orders 30 cases of cokes and returns 25 cases of empties, the loss is serious. A profit must be made to pay for our new machine and you are the ones who can help us.

Thanks!!!

- BOWLING -

The Precisioneer's Perpetual Trophy for Bowling has been received and can now be seen in the Production Control Section. The Alley-Clippers, 49-50 Season Winners Team names have been placed on the trophy.

A summer league is in the making.

The date has been changed to Tuesday, April 11. We must have 32 people who will bowl or there will be no bowling at Jewel City Bowl. Get your name on the sheet at once. This will be a mixed league, husbands, wives, friends are welcome.
