- LENDING LIBRARY -

Our Librarian, Neva Parman, reports that two new books, "Complete Home Handyman's Guide" by Hubbard Cobb and "Sight Without Glasses" by Dr. Harold M. Peppard, have been added to our Lending Library.

Neva has arranged to join a Book Club which will make the current Best-Sellers available to our members.

All of the above-mentioned books, as well as "Your Dream Home" are 3¢ per day. All other books in the library are 1½¢ per day.

Remember to look around for books you are finished with. By bringing them in you can serve the two-fold purpose of getting them out of your way and also increasing the income of your Lending Library.

- COFFEE MACHINE -

The coffee machine in our plant was originally serviced by an outside concern and the Precisioneers' revenue was 3% of its gross. Lately, the Precisioneers have arranged to service the machine ourselves with ingredients furnished by the owner.

The Precisioneers now gain 15% of its gross and that gives us almost as much profit as our own coke and orange machines.

L'envoi: Hooray for us!

- RAFFLE -

The Club is holding a raffle in which the first prize is a \$229.00 7.2 cu. ft. Deep Freeze and the second prize an RCA 45 RPM Record Player with speaker.

The tickets are \$1.00 apiece and the raffle will be held as soon as all tickets are sold.

- TABLE TENNIS TOURNAMENT -

Plans are being formed for a table tennis tournament. So far, it has not been decided whether to make it a round robin, with each entrant playing all entrants, a double-defeat elimination, or a standard single-defeat elimination procedure.

This tournament will start some time during the week of May 8th with entries closing on May 5th. It will be held during the noon hour, using one table only for tournament play.

Specific days will be assigned for all matches unless the participants decide by mutual agreement to play in the evenings after working hours.

All matches will be played according to official table tennis rules and trophies will be awarded to the winners in both singles and doubles.

Entry Blanks are now on the bulletin boards. Is your name written there?

- "WHOLESALE" RIDDLE -

To those who are contemplating buying appliances, furniture, mattresses, sporting goods, rugs, etc: Check first with your Business Manager, Joe Riddle. There is a strong possibility that we can save you money on such purchases.

- JUDO -

The Judo class has been marking time until the overtime workers can be back in class.

As soon as every one is back we'll start a review and carry on to the end of the course.

A fool and his money are invited places!

- "TELL HIM NOW" -

- THAR SHE BLOWS! -

If with pleasure you are viewing
Any work a man is doing,
And you like him or you love him,
TELL HIM NOW.

Don't withhold your approbation
'Til the parson makes oration
And he lies with snowy lilies
O'er his brow.

For no matter how you shout it
He won't really care about it
He won't know how many teardrops
You have shed.
So if he earns your praise, bestow it
If you like him let him know it
FOR HE CANNOT READ HIS TOMBSTONE
WHEN HE'S DEAD.

More than fame and more than money
Is the comment kind and sunny
Or the hearty, warm approval
Of a friend.
For it gives to life a flavor
Makes him stronger, makes him braver
And it gives him heart and courage
To the end.
So if you like him let him know it
If he earns your praise, bestow it
Let the words of true encouragement
Be said.
Do not wait 'til life is over
And he lies beneath the clover
FOR HE CANNOT READ HIS TOMBSTONE
WHEN HE'S DEAD.

It takes two to make a marriage—a
single girl and an anxious mother.

There was a flurry of excitement on
the Henderhan Fishing Expedition when one
of the fishermen glanced up from bating
his hook and found himself vis a vis with
a whale. That's right, a whale, and a
killer whale at that—with never a har-
poon in sight.

The fishing boat was anchored off
shore near San Clemente and things had
been pretty dull up to that point. The
whale stared at the fisherman and vice
versa, then the whale shot a stream of
water into the air leisurely dived under
the boat and headed for the open sea.

Since whales have a habit of scraping
barnacles and other pestiferous sea
growths off their back against any con-
venient object that happens in their way,
the fishermen were lucky. Only a few days
before a whale came up to scratch his back
on a similar sized boat with disastrous
results to the boat and the nerves of
the fishermen.
