## - BLANKET CLUB -

This week your Precisioneers started a Blanket Club. Now a Blanket Club is a non-profit plan whereby each participant eventually receives a top grade all wool blanket valued at approximately \$15.00. The procedure is as follows:

Each member pays in a dollar a week. At the end of the fourth week a drawing is held and the number drawn gets his blanket and pays no more - cost of blanket to that individual is \$4.00.

The remaining members continue paying a dollar a week with a drawing each week until the twelfth week. The members still in at the twelfth week get \$15.00 blankets for \$12.00.

Neat we think. Just another promotional scheme dreamed up by our dynamic Business Manager, Honest Joe Riddle.

## - T. V. TOURS -

During the past two weeks, The Precisioneers have obtained tickets to the following T.V. performances:

Ed Wynn Show, Alan Young Show, Mike Stokey's Pantomime Quizz and The Steve Alan Show.

These shows were enjoyed by over a hundred of our employees. We hope to make this a weekly affair. Many interesting bits of technical information were learned by attending these shows and seeing what actually goes on behind the scenes.

Please contact Art Martin two weeks before the show you desire to see.

## Worth Remembering:

If you can't say something good about some one, just SHEDDAP!

A bouquet to Management for arranging it so we could have the long weekend. It is this type of thoughtfulness that makes the difference between one firm and another.

## - PRECISIONEERS' MEETING -

The Precisioneers will hold a meeting in the Engineering Department Wednesday, June 14, 1950, immediately after work. Previous activities and proposed events for the near future will be discussed.

All members and employees are cordially invited.

## - MOVIE SCHEDULE -

5 June - Pueblo Boy

12 June - Water, The Fountain of Life

19 June - Drama of Portland Cement

27 June - Tournament of Roses Parade

## - BOWLING -

After six weeks of bowling, Cindy's 4-sum is out in front 3 games ahead of the Misfits.

The League could use some substitutes, so if you would like to bowl on Thursdays, please see Roy Gombert or Dick Miller.

Now is a good time for all bowlers, veteran as well as prospective, to get out and get tuned up for the winter League.

## - SOBRIETY TEST -

A tutor who tooted a flute  
Tried to teach two young tooters to toot  
Said the two to the tutor,  
"Is it easier to toot, or  
To tutor two tooters to toot?"

- SPECTATORS -

Who do you suppose was seen in the cheering section at the Precisioneers' Soft Ball game last Thursday night? No, you're wrong, it wasn't a talent scout from the Hollywood Stars, it was Wally Burke just as big as life. Everyone was very happy to see him up and around. While he still has a tough journey on the road to complete recovery, he is at least up and fighting. Stay in there pitching Wally and you will be back with us before you know it.

As a final note we might say, if Wally can make it out to the games in his condition, surely more Precisioneers can do the same.

- GIFT CHAIRMAN -

Carrying out one of the original purposes for which The Precisioneers Club was formed, Thirty Dollars for each of the months of May and June was used for gifts, tokens and remembrances.

Vi Tarbell is in charge of this activity and we feel that it is an important one. When sick or injured, receipt of flowers, candy, tobacco and the like not only lets the afflicted one know that his colleagues are pulling for him, but the material aspects count in a time when the purse seems emptier than usual.

Sharing the joy of a new baby, the happiness of weddings, and lifting the darkness a little when sorrow comes, all can be done with remarkably little in the way of material goods.

Theophrastus said: "True friends visit us in prosperity only when invited, but in adversity they come without invitation."

- LENDING LIBRARY -

The Lending Library is richer by four books on fishing through the courtesy of Mr. Brandon, who donated them. They are:

Atlantic Game Fishing -

S. Kip Farrington, Jr.

- LENDING LIBRARY (Contd.)

Salt Water Fishing Tackle -  
Harlan Major

The Book of Fishes -  
John Oliver La Garce -

Salt Water Fishing -  
Van Campen Heilner

- TABLE TENNIS TOURNAMENT -

The first matches in The Precisioneers' round robin table tennis singles tournament will be played Tuesday noon June 6. Additional matches will be played at the same time each day.

There are a considerable number of entrants, but due to the type of tournament and the fact that no particular schedule of matches has been arranged, there is room for additional entries.

Matches will consist of a single game with a total of two complete rounds to be played. A referee and scorekeeper will be appointed and standings will be posted daily. The tournament winner will be decided on a basis of total games won over the entire length of the event.

Spectators are invited.

- FORE! -

The nearby golf courses at Griffith Park have been ringing with the cry of "Fore" as well as a few lustier terms, which can't be printed here, since the Precisioneer golf tournament was started a few weeks ago. This is the first of four monthly tournaments to be held, May through August. These tournaments will be used as a basis for establishing handicaps for the big fall tournament when the Precisioneer golf trophy will be at stake.

Five foursomes entered the May contest and while at present only three have finished, it looks as though Dick Luders' net score of 72 will be mighty hard to beat.

Although no Sneads or Hogans have turned up yet, what is lacking in ability is more than made up for in enthusiasm. Any members who play golf and for one reason or another did not enter the May tournament, see Bill McAboy right away.
